
Title: Honesty

Author: Jander Starym

HONESTY

Honesty is showing
the dedication never to
deceive onself or
another. Moonglow
claims its magestic
blue shrine, and
Deceit is its dungeon.
Mages claim it as
there virtue. The
Shrine lies on Ice
Island, North of
Moonglow. The shrine
in Fell side recently
turned a shade of
orange. Honesty is
achieved when a
person speaks truth
both with his heart
and his mind. Never
should a person lie or
conceal the truth, for
honesty and trust are
the cornerstones of
co-habitations.
Honesty should be
present at all times,
for the very use of
lies and concealment
corrupts the soul.
Committing a single lie
can be devastating, as
it is often the first
step to the path of
darkness.
